Students will work hands-on with painting and designing clay pots, potting, and learning how to care for plants. This club will focus on making the courtyard an inviting place for learning.

We will work inside, paint pots, and plant outside in the school courtyard, which is located on the right side of the atrium, down the hall toward the transportation office.

The club is open to all elementary grade levels and will be a combination of ages.

Please email Angela.White@DODEA.edu if your child is interested.
