SAC Meeting Date: 10/15/2025

Attendees Included: Mrs. Edna Navo (Teacher Representative), Mrs. Lena Cahir (Teacher Representative), Mr. Zach Pierson (Teacher Representative), Mrs. Alicia Sexton (NES Parent), Mrs. Candace Rascoe (NES Acting Principal), Claire Bougard (Parent Representative), CDR Brian Koch (NSA Naples XO), Ms. Melissa Johnson (SLO), Ms. Eris Pitts (Teacher Representative), Mr. John Bily (Parent Representative)

Parent Representative Donovan Mack was not in attendance

Meeting opened by Ms. Sexton, Parent Representative.

Open Forum Recommendations for the Agenda (from meeting attendees) were identified and discussed including:

1. Unfilled positions were reviewed: Vice President, President, IAC Teacher Liaison

    - Ms. Cahir and Ms. Sexton agreed to continue their roles from last year, Secretary and IAC Parent Liaison, respectively.

    - Mr. Bily volunteered to be Vice President/Vice Chair

    - Ms. Navo volunteered to be the IAC Teacher Liaison.

    - Ms. Sexton volunteered to be the SAC President.

    All present members agreed to nominations.

2. Reviewed school lunch contract knowledge. SLO inquired as to perceptions this year related to school meals. All present members with topic knowledge noted that there have been no concerns noted within social media thus far this school year.

3. Safety at Recess
    a. Acting Principal reported that there have been less issues arising at recess due to safety restrictions that are enforced (e.g. no physical touch games, such as tag). Acting Principal credits 3 monitors (school employees, identified by orange vests) and beginning of the year PBIS initiative as components that were perceived as helpful.
    b. Vice President also confirmed that parents are welcome at recess as well as at lunch. Acting Principal noted that NES follows an “open door” policy with parents. As long as it does not instruction, parents are welcome to come into the school, following safety procedures (e.g. signing in at the front desk, wearing a visitor badge, etc)

4. Grade-level Walking Field Trips
    a. Staff has been capitalizing on walking field trips. Fall field trips have included or will include the Commissary, Firehouse.

5. 2024 - 2025 UPK concerns
    a. Three positions are still unfilled and are at half-time positions. UPK have new fridges at this time.

6. Traffic Safety
    a. XO noted that funding and a plan are in discussion. Orange barriers are being utilized in the morning. SLO noted that morning support is being completed by volunteers at this time. There is a long term goal to address the traffic concerns to support a better long term solution as well. SLO noted that anyone who would like to volunteer for the morning duty to email her at: Naplesslp@us.navy.mil

    b. Parent Representatives noted observing more difficulty with traffic safety lately in the afternoon. SLO noted that there is no ability for the MAs to come in the afternoon to set up the barriers to prevent drive through traffic in the afternoon. SLO noted again that volunteers would be needed to support this need from 2:20 (put barriers out) to 3:00 (remove barriers).

    c. Acting Principal noted that the transportation employees noted that it is not part of their responsibilities to set the barriers out.

    d. SLO commended Acting Principal for supporting safety needs with entry into the school in the morning to include changing entry points as well as adding staff safety patrols in the morning on a rotating duty.

Administration's Remarks

- Acting Principal reminded present members of recent email sent out to all families related to parents joining their children for lunch
- Next coffee with administration ("Cup of Connections") is 12/1/25 from 9 – 10 a.m.
    - Interventionists will be in attendance at that meeting to review general education support services at NES

IAC Brief –

- First IAC meeting for the 2025 – 2026 School year: 10/22/25 held at NES library

End of Minutes: 17:00
